Treat them like Gloxinias. Tubers multiply rapidly. Will
also reproduce from leaves, although we have found that it
sometimes takes patience to wait for the process. We do
not sell Naegelia leaves.

We have Purity and Purple Lace listed on our pink
list. At the present we are out of Purity, but expect
to be able to fill orders again in a few weeks.

Purple Lace is also now out of stock. We can fill
leaf orders on it, and possibly we will again be able
to furnish plants soon. Check with us before order-
ing.

Shipping instructions, tax, etc., as per our pink list.
Please read carefully before ordering.
